Those that are not Subscribed  
to we should provide the  
user the option to subscribe  
to additional.

Add twitter, linked-in, yahoo and outlook  
(We should also think through what we are  
using these external logins for? is it for  
authentication into our app or just to import  
contacts? If it is the latter, we should move  
this to the next page and keep our app's  
login unique)

Terms of Service

we should ask for  
the social media  
subscriptions during  
Sign-up also.
